Abstract

This paper is a sample document to demonstrate my template. I built this template to use for all the papers I write in University. Feel free to use it as you like.

Statement of Authenticity

I confirm that this paper was written autonomously by myself using only the sources, aids and assistance stated in the report, and that quotes are readily identifiable as such.

1 First Section

This is the first section of this paper. It is it's own file and gets included in the main.tex file. Here is where all the content of section 1 goes.

Here is a reference to the Central Processing Unit, which is in the glossary.

Here is something I quote from the bibliography (Turing, 1937).

2 Second section

This is a reference to the acronym of IoT.

References

Turing, A. M. (1937). On computable numbers, with an application to the entscheidungsproblem.
